<p style="text-align:center">Project Design Phase-I
Solution Architecture</p>

Date	23 September 2022
Team ID	PNT2022TMID15932
Project Name	Personal Assistance for Seniors Who Are Self-Reliant

Solution:

- The prevailing solutions provides notifications.

- The notifications are sent at correct timings and at regular intervals.

- Designing web application and IoT device which receives command from the web app and gives voice note as notifications.

- The data is stored in the cloud so it is required that the device should always be connected to the internet.
